

AUGUSTUS GELATERY

CASE STUDY

Artisan gelato retail space multi-store signage & architectural fit-out

Brief:

5 store rollout required, capturing the integrity & design intent of prototype store.

Advise & recommend any improvements, material & design changes to enhance finishes & client budget outcomes for rollout.

Work collaboratively with architect & client.

Works:

- Neon & LED signage
- Ceiling fin/dollop design implementation
- Wall batten enhancements/manufacturing
- Bespoke shelving & door handles

Outcome:

The successful rollout carried out over a 7 month period, working collaboratively with client & other trades.

Highly publicised grand openings & attendance with great public & client feedback has made these stores something we're proud of.

Ongoing potential for future stores & projects.
