

QBE COLLINS STREET OFFICE FITOUT CASE STUDY

QBE insurance Melbourne office bespoke architectural & signage fitout

Brief:

The client engaged us at an early stage of building works to manage budgets & build-ability of many graphics & signage elements.

Through thorough engagement with the builder, architect & client a vast range of samples & a highly detailed shop drawing process were required to meet high client expectations.

Several collaborative meetings to overcome design challenges yet deliver intended outcomes.

Works:

- Bespoke wall finishes
- High quality, technical glazing graphics
- Feature signage

Outcome:

Highly successful project with complimentary feedback.

Defect free completion on a programme delivery that had halved.

On going relationship with client.
